

# How to support your child with remote learning

- 1) Talk to him/her about how remote learning is as important as in-school learning, and therefore needs the same attendance, effort and positive work ethic.
- 2) Make sure he/she has a quiet space that they can use to 'attend' school and that they have their pencil case, some paper and their Knowledge Organiser to hand, just as they would in a lesson.
- 3) Download MSTeams onto his/her device and spend time with him/her learning how to use it, especially the Chat function so they can ask questions/make contributions in lessons.
- 4) Download the Google Classroom App and check he/she can sign in with his/her school email address and can find the class stream.
- 5) Check that the microphone is working on the device and that he/she knows how to increase/decrease the volume.
- 6) Each morning, check that he/she knows which lessons he/she has that day (a copy of their timetable should be stuck into their Knowledge Organiser) and what time each lesson will be taking place (see below).
- 7) If he/she has PE on their timetable, discuss what activity he/she will take part in using the PE Activities sheet(s).
- 8) At the end of the school day, ask him/her what they have learnt and check that they have submitted their work on Google Classroom.

## Timings of the school day

Lesson 01 – 08:40-09:40

Lesson 02 – 09.40-10.40

Lesson 03 – 11.40-12.40

Lesson 04 – 13.10-14.10

Lesson 05 – 14.10-15.10
